

Fiera di Verona • 24 - 28 Febbraio/Februar/February 2016

www.progettofuoco.com

PROGETTO FUOCO[®]

Mostra internazionale di impianti
ed attrezzature per la produzione di calore
ed energia dalla combustione di legna

International exhibition
of plants and materials
for wood-fired heating

Internationale Fachausstellung für Wärme
-und Energieerzeugungs-anlagen und -geräte
mit Holzverbrennung

Exposition internationale
des systèmes de chauffage
et d'énergie à bois

SPONSORED BY:

Italian Ministry of Economic Development
Italian Ministry of Agricultural, Food and Forestry Policies
Veneto Regional Authorities
Verona Provincial Council
Verona City Council

Land, Environment, Agriculture and Forestry Department (TESAF) - University of Padua

Technical Partner: AIEL (the Italian Agroforestry Energy Association)

EVENT DATES:

Wednesday 24 to Sunday 28 February

TIMES:

9.00 am to 6.00 pm. Closing time 6.30 pm.

ENTRANCES:

Cangrande entrance (8 Viale del Lavoro)

Re Teodorico entrance (40 Viale dell'Industria)

ADMISSION:

FULL PRICE TICKETS: €18.00 from the ticket office / €15.00 online

REDUCED PRICE TICKETS: €12.00 from the ticket office

1. Groups (of at least 16 people).
2. Schools (technical and vocational institutes).
3. "Vita in Campagna" coupons.

2-DAY TICKETS: €30.00 from the ticket office / €28.00 online

3-DAY TICKETS: €35.00 from the ticket office / €32.00 online

On Sunday 28 February 2016 two people can enter with one full price ticket.

FREE TICKETS:

1. Children aged 1 to 14.
2. Disabled people and companions.
3. GROUPS of more than 10 high school students. Groups must go to the ticket office with a list of names on headed paper from the school and they must be accompanied by at least one teacher.

EXHIBITION SURFACE AREA:

105,000 m².

EXHIBITORS:

750, including 297 foreign exhibitors from 37 different countries (Austria, Belgium, Bosnia and Herzegovina, Bulgaria, Canada, China, Croatia, the Czech Republic, Denmark, Egypt, Estonia, Finland, France, Germany, Great Britain, Greece, Hungary, Ireland, Israel, Latvia, Lithuania, Malaysia, the Netherlands, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, South Korea, Spain, Sweden, Switzerland, Turkey and the United States).

PRODUCTS ON DISPLAY: (halls 4, 5, 6, 7, 9, 11 and 12 and outdoor areas)

Fireplaces, facings and inserts for fireplaces, hot-air and boiler stoves, pellet-burning stoves, wood-burning stoves, heat-storage stoves, wood-burning ranges, brickwork range-based heating, fireplace accessories, firewood, pellets, logs, briquettes, firelighters, cleaning products, wood-chip, pellet and biomass-burning boilers, pellet burners, shredded fuel burners, turnkey systems and equipment, storage silos, pellet production and wood chopping machines, chimney pots, chimneys, flues, accessories for stove setting, refractory materials, majolica, ceramics, measuring and testing instruments, stove setting services, design and feasibility studies, associations, technical press.

FIGURES FROM THE LAST EVENT: (February 2014)

Exhibitors: 653 (including 248 from other countries).

Exhibition surface area: 85,000 m².

Visitors: 75,000

SEMINARS – CONVENTIONS – CONFERENCES

PROGETTO FUOCO PREVIEW

TUESDAY 23 FEBRUARY 2016:

4th International Pellet Forum »

Conference Hall, Crowne Plaza Hotel, Verona – Times: 8.30 am - 12.30 pm and 1.45 pm - 6.15 pm

The event will be held in partnership with the European Pellet Council. Market dynamics and product quality will be discussed and there will be a close look at improvements to the efficiency and emissions of generators.

WEDNESDAY 24 FEBRUARY 2016:

Seminar:

The UNI 10683 standard and using the measurement calculation programme for heat-storage stoves to ensure that they comply with the limits for emissions and particulate matter »

Arena Conference Centre - Bellini Hall - Time: 3.30 pm

Organized by Assocosma (the Italian Association of Majolica Stove Manufacturers)

Seminar

New technical standards to ensure that biomass systems are designed, installed, maintained and inspected properly »

AIEL Stand - Hall 11 - Time: 10.30 am

Seminar

Fireplaces: distances for heat-sensitive materials »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps) Stand - Hall 9 - Time: 10.30 am

Workshop

Creating a sustainable wood-energy supply chain: the BioEUParks experience »

AIEL Stand - Hall 11 - Time: 2.30 pm

Gathering at the outdoor truck point: rally of master chimney sweep vans »

Area outside Hall 9 - FUSPA School - Time: 2.00 pm

THURSDAY 25 FEBRUARY 2016:

Convention

Mini biomass CHP systems: the situation and prospects in the market »

Arena Conference Centre - Puccini Hall - Time: 9.00 am - 12.30 pm

Organized by AIEL (the Italian Agroforestry Energy Association)

Seminar

The UNI 10487 chimney cleaning standard and the situation in Europe »

Arena Conference Centre - Bellini Hall - Time: 10.30 am

Organized by Assocosma (the Italian Association of Majolica Stove Manufacturers)

Convention

Heat-resistant coatings: quality and cost-effectiveness

Mascagni Hall – Press Centre between Halls 4 and 5 - Time: 9.30 am - 1.00 pm

Organized by ANVER (the Italian Coating Association)

Course

How to build a log home

Outdoor Area - Time: 10.00 am

Organized by the Lazzari Zenari Institute

Seminar

System logbooks: how to fill them in properly »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps)/FUSPA Study Centre - Hall 9 - Time: 10.00 am

Workshop

Wood biomass-fired household heating: emissions, energy efficiency and environmental impact (LCA) compared to fossil fuels »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 10.30 am

Workshop

The state of the art in technical and environmental performance of wood biomass systems and generators, from households to industrial-scale equipment »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 10.30 am

Workshop

Fire prevention and safety in designs for automatic wood biomass heating systems »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 2.30 pm

Seminar

Presentation of the “Good practice” project »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps)/FUSPA Study Centre - Hall 9 - Time: 3.30 pm

FRIDAY 26 FEBRUARY 2016:

Convention

New incentives and rules for biomass-based heating

Arena Conference Centre - Puccini Hall - Time: 9.00 am - 1.00 pm

Organized by AIEL (the Italian Agroforestry Energy Association)

Seminar

Particulate matter and emissions from biomass combustion: correct installation to prevent pollution »

Arena Conference Centre - Puccini Hall - Time: 3.30 pm

Organized by Assocosma (the Italian Association of Majolica Stove Manufacturers)

Round table

Production technology and wood chip quality »

Mascagni Hall – Press Centre between Halls 4 and 5 - Time: 9.30 am - 12.30 pm

Organized by the Land, Environment, Agriculture and Forestry (TESAF) Department at the University of Padua and ENAMA (the Italian Agency for Agricultural Mechanization)

An update on the contents of the new draft renewable heat incentive decree, the new guidelines to boost the White Certificates system and the decree to implement article 290 of the Consolidated Environment Act (Legislative Decree 152/2006, as amended).

Course

Presentation of the Master's Course for Stove Setting »

AIEL (Italian Agroforestry Energy Association)/FUSPA Study Centre - Hall 9 - Time: 10.00 am

Demonstration of systems installation and maintenance »

FUSPA/AIEL (Italian Agroforestry Energy Association) area outside Hall 9 - Time: 10.00 am

Friday 26 February at 10.00 am, 12 noon and 3.00 pm, Saturday 27 February at 10.00 am, 12 noon and 3.00 pm, and Sunday 28 February at 10.00 am, 12 noon and 3.00 pm

Workshop

Forestry policies and professionalism in the business world. Bringing out the value of Italian woods »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 10.30 am

Course

Practical course on how to use a "mobile sawmill" »

Outdoor Area - Time: 11.00 am

Organized by the Lazzari Zenari Institute

Seminar

Online promotion for ANFUS members: successful communication strategies »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps) Stand - Hall 9 - Time: 11.30 am

Workshop

Biomassplus: the new certification system for wood chips, firewood and briquettes »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 2.30 pm

Seminar

Cleaning chimney systems: contemplating a revised UNI 10847 standard »

FUSPA Study Centre - Hall 9 - Time: 3.30 pm

SATURDAY 27 FEBRUARY 2016:

Competition

Award ceremony for “The fireplace, the stove and all around” competition »

Special exhibition - Hall 7 - Time: 11.30 am

Convention

Biomass systems: from production to maintenance. The state of the art and the potential for savings »

Arena Conference Centre - Puccini Hall - Time: 10.00 am - 1.30 pm

Organized by ANFUS (the Italian Association of Stove Setters and Chimney Sweeps)

Seminar

Effective fireplace and stove retailer marketing »

Arena Conference Centre - Bellini Hall - Time: 11.00 am

Organized by Assocosma (the Italian Association of Majolica Stove Manufacturers)

Demonstration of systems installation and maintenance »

FUSPA/ANFUS (Italian Association of Stove Setters and Chimney Sweeps) area outside Hall 9 - Time: 10.00 am

Friday 26 February at 10.00 am, 12 noon and 3.00 pm, Saturday 27 February at 10.00 am, 12 noon and 3.00 pm, and Sunday 28 February at 10.00 am, 12 noon and 3.00 pm

Practical course on how to build timber frame constructions »

Outdoor Area - Time: 10.00 am

Organized by the Lazzari Zenari Institute

Workshop

Wood for energy from pruned vines and olive and hazel tree branches: the results of the AgReS project »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 10.30 am

Course

Practical course on how to use a “mobile sawmill” »

Outdoor Area - Time: 11.00 am

Organized by the Lazzari Zenari Institute

Workshop

A consumer guide to buying household boilers and equipment »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 2.30 pm

Seminar

Using the calculation programme for the measurements of a chimney »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps)/FUSPA Study Centre - Hall 9 - Time: 3.30 pm

SUNDAY 28 FEBRUARY 2016:

Workshop

The benefits of the forest-wood-energy supply chain for the local economy, protecting the climate and clean energy production »

AIEL (Italian Agroforestry Energy Association) Stand - Hall 11 - Time: 10.00 am

Technical session

Chimney sweeps working group »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps) Stand - Hall 9 - Time: 10.00 am

Demonstration of systems installation and maintenance »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps)/FUSPA School area outside Hall 9 - Time: 10.00 am

Friday 26 February at 10.00 am, 12 noon and 3.00 pm, Saturday 27 February at 10.00 am, 12 noon and 3.00 pm, and Sunday 28 February at 10.00 am, 12 noon and 3.00 pm

Technical session - Stove setters working group »

ANFUS (Italian Association of Stove Setters and Chimney Sweeps) Stand - Hall 9 - Time: 11.00 am

Course

Practical course on how to use a “mobile sawmill” »

Outdoor Area - Time: 11.00 am

Organized by the Lazzari Zenari Institute

COMPETITION

“THE FIREPLACE, THE STOVE AND ALL AROUND”

“The fireplace, the stove and all around” is a competition that is sponsored by the ADI Industrial Design Association. In particular, it focuses on the design and planning field. The intention is to envisage an increasingly rich living scene in which fireplaces and stoves are deemed essential not only on the practical and technological front but also in aesthetic terms, thanks to concepts that characterize environments while also enriching habits and actions in the home and elsewhere.

The winning entries will be on display in hall 7.

EVENTS

ANFUS - Italian Association of Stove Setters and Chimney Sweeps – SOLUTIONS AT PROGETTO FUOCO

Piazza ANFUS – Hall 9 and outdoor areas

The Italian Association of Stove Setters and Chimney Sweeps (ANFUS) and its national FUSPA school will be organizing the following activities: technical training in the outdoor area with the arrival of the vans from the national “Waiting for Progetto Fuoco” tour, technical workshops for stove setters and chimney sweeps, seminars and trade meetings organized by the FUSPA school for technicians and retailers, and the official

presentation of the findings of research carried out by the FUSPA study centre in association with Italian universities, organizations and town councils.

THE BIOFUEL ANALYSIS LABORATORY AT THE UNIVERSITY OF PADUA

At Progetto Fuoco, the laboratory will allow visitors to take tests to assess their sensory perception of the quality of pellets. It will take just a few minutes for visitors to have their “pellet sense” rated. During the tests, visitors will be asked to assess a number of pellet samples using their own criteria and describe the sensations that they experience through their contact with the pellets. The information collected will be used to identify which factors need work in order to ensure that the quality of pellets is perceived as clearly as possible.

The Biofuel Analysis (ABC) Laboratory from the TESAF (Land, Environment, Agriculture and Forestry) Department at the University of Padua
Hall 11, Aisle C, Stand 14

PELLET SENSE

Sensory perception tests

The Biofuel Analysis (ABC) Laboratory from the TESAF (Land, Environment, Agriculture and Forestry) Department at the University of Padua
Hall 11, Aisle C, Stand 14

WORKING DEMONSTRATIONS OF MACHINERY

Outdoor areas A and B

Specific machinery for rapid preparation and packaging of firewood and wood products plays a vital support role in the widespread presence of wood fuel warehouses and stores throughout the country. It also helps to keep the final fuel costs down. As at previous events, the “Italia Legno Energia” (“Italy Wood Energy”) section will have an outdoor area for working demonstrations of special equipment, machinery and systems, including woodcutting machines, wood chippers, wood grinders, sawing/woodcutting benches and firewood processing stations.

PROGETTO FUOCO CHANNEL

Of the many initiatives that are lined up for the 10th Progetto Fuoco, one of the most notable is the **Progetto Fuoco Channel**, a video channel that we have decided to start on YouTube and on a dedicated website: www.progettofuocochannel.com. It is a new form of communication to go alongside our existing online outlets (the **website**, **Facebook**, **Twitter** and **Google+**).
